

## **Greenhouse IT wins Small Business Strategy Award**

Honor Given to One Small Business That Has Thrived Despite The Economic Downturn

New York, NY—March 16, 2010: Greenhouse IT, a provider of all inclusive support for servers, workstations and networks in New York for a fixed monthly fee, announced today that it has been awarded the first annual Small Business Strategy Award at [The Fifth Annual Small Business Summit 2010](#) at Digital Sandbox in New York City on March 16, 2010. The **Small Business Strategy Award**, honors one small business that has thrived and achieved milestones despite the economic downturn.

“We are happy to present Greenhouse IT with our first Small Business Strategy Award,” said Marian Banker, MBA, Summit Co-Producer, Business Leadership Coach, and President of Prime Strategies. “Their understanding of how to build a stronger business in these tough economic times is something we hope other businesses can emulate.”

“We are extremely proud to be the first recipient of the Small Business Strategy Award,” said Simon Binder, managing partner of Greenhouse IT. “As a fixed fee IT Company with a green mission, we believed in order to provide better services, we needed to focus on our internal processes and our people.” “We are extremely humbled by this honor and look forward to continuing to provide our clients with the best services.”
